VOTE FOR

WATKINS

For Congress.

Election next Tuesday, the 5th

Nov. 3d.

HON. M. D. BEARDEN made a faithful Representative in the last Legislature. Let us re-elect him to-day.

See that the name of Hon. R. C. Samsel is on your ticket to-day for State Senator. He will make a faithful and efficient Senator.

HON. R. N. BAKER is an honest, upright, reliable gentleman. Vote for him for Joint Representative from Knox and Anderson to-day.

Gov. RICE, of Massachusetts, predicts Butler's defeat by 25,000 majority, but Butler says he can't see it that way. We will see who is right before many days.

The hearing of the appeal to the Supreme Court in the case of certain citizens vs. the Trustees of the Cincinnati Southern Road is fixed for December 3d next.

BEWARE of tickets headed "Republican" that have the name of W. L. Ledgerwood printed upon them instead of R. C. Samsel. Bogue tickets of this kind are known to be in circulation.

LET Democrats who believe that the question of the State debt is one of too much importance to be ignored, and who believe that it ought to be honorably settled, ask themselves the question: "Is there any good reason why I should not vote for Dr. E. M. Wright for Governor?"

THE Cincinnati Gazette says that the State Registrar and his subordinates in Louisiana are to be prosecuted for the fraudulent registration of 5,000 Democratic votes. It was found that 130 voters were assigned to one house where but three dwelt. It would appear to a distant observer that the prospects in Louisiana are not wholly satisfactory to the Democrats.

POLITICAL.

NASHVILLE, Nov. 4, 1878.

Special to the Chronicle.
Nothing has exceeded the bustle, the din and the noise of to-night. Drums and fifes and brass bands are heard playing stirring airs everywhere. The cannon in Edgefield echoes to those in the Thirtieth District. Everybody seems to be wide awake. The streets are crowded with throngs of people on their way to the various rallying points to witness the last scenes of the canvass. The city is constantly illuminated with skyrockets, and bonfires are blazing. Speakers, hoarse from the canvass, are making desultory, off-hand speeches, and, at times, violently gesticulating, attended by wild outbursts of enthusiasm. It is a political carnival with dividing lines.

YELLOW FEVER.

MEMPHIS, TENN., Nov. 4.—The weather to-day is sultry, and rain is threatened. From 6 o'clock last night to noon to-day there has been six orders for the interment of persons who died of the fever, both within and outside the city limits. One new case reported last night—a returned refugee.

There is very little of any, excepting routine, business in the public departments to-day, owing to the very clean sweep made for voters in New York, Pennsylvania, New Jersey, Massachusetts and Western States.

ALABAMA.

SELMA, Ala., Nov. 4.—A thanksgiving service was held at the Broad Street Presbyterian Church last night, at which a contribution of \$200 was made for the families of the Presbyterian ministers who died of yellow fever.

It was rumored to-day that John I. Davenport had issued warrants for several persons charged with election frauds, and that many arrests would follow. Davenport said: "I expect a great many arrests will be made this afternoon and evening, but I positively decline saying what the parties will be arrested for."

or what the charges against them are, or who are the persons to be arrested, as that might interfere with the course of justice. All these things will come out when the accused are brought up for examination."

GREAT BRITAIN.

LONDON, Nov. 4.—A Pall Mall Gazette editorial this afternoon comments with some bitterness on what it regards as a threatening dispatch addressed by Secretary Everts to Mr. Welsh, American Minister to England, concerning the fisheries question. The Gazette professes to see in this dispatch a disposition on the part of the United States to take advantage of the present condition of England's foreign relation to force her to give way. The Gazette exclaims: "Nothing else was to be expected, and for our own part we are inclined to thank Mr. Everts for teaching our countrymen that nations generally are no more inclined forego their advantages over one another in the 19th century than in the 18th, 17th, 16th or 15th."

GERMANY.

LONDON, Nov. 4.—A Berlin dispatch says: "Prince Bismarck has arrived in this city to attend the marriage of his daughter with Count Rantzau, which is to take place Wednesday next. After the wedding the Prince will proceed to Varzin, where he will remain until Christmas."

THE FINAL RALLY.

Speaking Last Night by Hon. Samsel, Bearden and Others.

A large crowd gathered on Market Square last night to witness and take part in the final Republican rally before the election to-day. The Square was illuminated by bonfires. Judge L. C. Houk was the first speaker called to the stand. He announced his candidacy for Congressional honors, consuming several minutes in the discussion of finances, proclaiming in favor of an honest currency, etc.; also in favor of liberal appropriations for our rivers and other measures. He said his election was certain, and he only wanted to see how big he could make the majority.

Hon. R. C. Samsel, of Grainger county, Republican candidate for State Senator, next appeared in able and earnest defense of Republican principles, exposing the fraud and trickery of the Tennessee Democracy, and asking the suffrages of all voters who favor honesty and fair dealing in the administration of our State affairs.

Eq. Yardley was next called up and announced himself for Houk for Congress and Ledgerwood for the Senate, but before he could go further he was called down.

Mr. Pat. Mackey, then in response to calls from Greenbackers assembled, took the stand to reply to Judge Houk on the financial question and favoring the election of Watkins. Before he had concluded, the crowd didn't seem inclined to hear him further, and called for other speakers to such an extent that he couldn't proceed. Hon. David Richards interceded and made a few remarks advising all to support the straight Republican ticket, and advised them to hear Mr. Mackey through, which they did reluctantly.

After retired Hon. M. D. Bearden, Republican candidate for Representative came up with the closing speech, strongly advocating honesty in the administration of State affairs and placing himself squarely on the side of honesty and right.

CHATTANOOGA.

Our information from Chattanooga, received by private sources last night, is that since Saturday night there have been three deaths from yellow fever and three new cases. All the deaths occurred Sunday, and only one new case was developed yesterday. Thus it will be seen that although there are still some developments the plague is slowly but surely disappearing. It is said that you can now hardly tell there has been any epidemic there; all the business houses, hotels and industrial pursuits are being set in motion again, and things begin to be lively. The Board of Health have officially declared the epidemic at end, and invite all refugees to return, but warn them to thoroughly air and fumigate their houses before occupying them.

THE November-December number of the North American Review contains the following articles: "The Government of the United States," by ex-Governor Horatio Seymour; "Systems of Offense and Defense in Naval Warfare," by Hobart Pasha, Admiral of the Imperial Ottoman Navy; "The Congress of Berlin and its consequences," by An Old Diplomatist; "Japan and the Western Powers," by Matsuyama Makoto; "The Financial Resources of New York," by William R. Martin, ex-President of the Department of Public Parks of New York; "The Public Health," by Elisha Harris, M. D., President of the American Public Health Association; "Pessimism of the Nineteenth Century," by Rev. Samuel Oggood, D. D.; "Antipathy to the Negro," by James Parton; "The Emperor Hadrian and Christianity," by Ernest Renan, Member of the French Academy; "Contemporary Literature," Published at 551 Broadway, New York, and for sale by booksellers and news-dealers generally.

THE Memphis Avalanche says: "Acting Mayor Goodyear has the responsibility on his hands of eighty thousand dollars to his credit in bank, the outpouring of the charity of the country. What will he do with it? It is not a part of the funds of the city government. It cannot be used for any official purpose. It cannot be appropriated by the city for its benefit as a corporation. What will the good doctor do with it?"

Would it not be a good idea to keep it in bank for the benefit of the first city in the Union that may be visited by any similar epidemic in the future?
